International Projects

Head of the Hungarian team in

- **"Puzzled by Policy"** – A project funded by the European Commission under the ICT Policy Support Programme (ICT-PSP) as part of the Competitiveness and Innovation Framework Programme (CIP) which aimed to reduce the complexity of decision making within the EU and reconnect citizens with politics and policymaking by combining successful pre-existing eParticipation tools with new widget technologies to bring policymaking on the hot topic of immigration and migration ‘to the people’ in a manner that is both fun and engaging. (www.puzzledbypolicy.eu). – 2011-2014
- **„OneStopGov"** - A life-event oriented framework and platform for one-stop government. Project funded by the European Commission within the Information Society Technologies (IST) Programme. FP6-2004-IST-4-26965. (<https://cordis.europa.eu/project/id/026965>) – 2005-2008.
